About Galgotias University

The university began operations in the 2011-2012 academic session and welcomed its first batch of students in July 2011. Since then, it has grown to have more than 30K+ students. Today, with 20 schools offering over 200 programs, including Diploma, Undergraduate, Postgraduate, and PhD Programs, we rank among India's top universities. We aim to become an internationally recognized institution that excels in multidisciplinary and interdisciplinary education, research, and innovation, producing graduates who are globally competitive and poised to become leaders in their fields. Graduates will possess deep knowledge in their chosen fields, strong problem-solving skills, an understanding of the societal context of their profession, effective teamwork abilities, excellent communication skills, and a commitment to lifelong learning.

Conference Objectives

The International Conference on **Energy and Intelligent Manufacturing Systems** aims to bring together researchers, academicians, industry experts, and policymakers to share knowledge, innovative practices, and emerging technologies in the fields of energy systems and intelligent manufacturing. The conference seeks to:

1. **Promote Knowledge Exchange** – Provide a platform for presenting cutting-edge research findings, case studies, and practical applications in sustainable energy and advanced manufacturing systems.
2. **Foster Interdisciplinary Collaboration** – Encourage interaction between experts from energy, manufacturing, automation, and artificial intelligence domains to address global industrial and environmental challenges.
3. **Highlight Sustainable Practices** – Explore strategies for clean energy integration, resource optimization, and environmentally responsible manufacturing.
4. **Showcase Technological Innovations** – Present recent advancements in smart manufacturing, Industry 4.0, robotics, digital twins, and intelligent energy management.
5. **Strengthen Academia–Industry Linkages** – Facilitate partnerships and collaborations between universities, research institutions, and industries for future projects and innovation.
6. **Inspire Future Research** – Motivate young researchers and professionals to engage in innovative work that contributes to energy efficiency, smart production systems, and sustainable industrial development.

Theme / Topics

Prospective authors are invited to submit manuscripts reporting original unpublished research and recent developments in the topics related to the conference.

We welcome submissions for ICEIMS 2026 ’s Technical Program in the following areas and not limited to:

Track 1 (Energy)	Track 2	Track 3
Alternative fuels Biogas and Biomass Energy Storage Batteries and other Storage Devices Fuel cell Sustainable Hydrogen Technologies Future Energy Technologies Global warming & Green Energy Options Health and Environment Hybrid vehicles & Integration Green Hydrogen Energy Efficiency Renewable Energy systems	Industrial Robots and cobots Drones and UAVs Autonomous Wheeled mobile Robot Agricultural robotics Medical Robotics Future Energy Technologies Defense Robotics Service Robotics	CAD/CAM/CAE/CIM Computational Mechanics & Techniques Control and Automation Flexible/ Lean Manufacturing High-Speed/Precision Machining & Inspection Measurement Control Technologies and Intelligent Systems Mechatronics, MEMS and Nanotechnology Metal Cutting and forming Processes Modeling, Analysis & Simulation of Manufacturing Processes Non-Conventional Machining Processes Surface Engineering Sustainable Manufacturing Technologies Industrial Engineering & Management
Track 4 Advanced High strength steels New generation materials alloys Biomaterials Ceramic Materials Characterization & Testing Composite Materials Dynamic Behavior of Materials and Structures Functional Materials		

High temperature & Cryogenic Processing of Materials Materials for Automotive, Energy and Environment Nanomaterials Smart and Device Materials Smart Construction Materials		

Topics of interest include all aspects of smart and sustainable developments in energy, robotics & automation, manufacturing and materials, but not limited to:

Paper submission

Author's Guidelines

Authors are invited to submit original, high-quality, and previously unpublished research articles. Submissions must not be under review by any other publication or conference. All manuscripts should be submitted electronically via Microsoft CMT in strict adherence to the IEEE standard two-column conference template, which can be accessed through the provided link. Each manuscript is limited to a maximum of six (6) pages, including figures, tables, and references. Additional pages may be accommodated with a nominal fee.

General Instructions

1. Full length manuscripts with clear contribution and results should be submitted to the r.ashok@galgotiasuniversity.edu.in (updated soon). Conference accepts submission only through email.
2. Papers have to be submitted with the author names, email ids and affiliation of all contributing authors.
3. Papers should follow the general Single column template.
4. The figures/tables presented in the paper should be clear and of high definition.
5. The references should be cited properly inside the paper and the referencing list should provide all sufficient details of each paper such as author names, title of the paper, name of the journal/conference/periodical/book, volume/issue number, pagination and year.
6. All the received papers will be screened for possible similarity, scope and ethical guidelines. The ICEIMS 2026 Program Committee regards plagiarism and ethical breach as a serious professional misconduct. All submissions will be screened for plagiarism using plagiarism screening software and when identified, the submissions by the same author will be rejected at any stage of the conference even after the conference and after the publication of the proceedings.
7. All papers that conform to submission guidelines will be evaluated based on originality, technical and/or research content/depth, correctness, relevance to conference, contributions, and readability.
8. All the papers will be reviewed by at-least two independent peer reviewers.

9. Acceptance of papers will be communicated to authors by email. The authors of the accepted papers will be allowed to make corrections in accordance with the suggestions of the reviewers and submit final camera-ready papers within the stipulated deadline. All camera-ready papers must be prepared in conformance with reviewer reports.
10. Submissions must be original, unpublished work not under review elsewhere.
11. Simultaneous submissions to other conferences or journals are prohibited.
12. All manuscripts must be written in English and prepared as a PDF document.
13. The page limit is 12 pages. An additional two pages are allowed with extra charges as specified.
14. All figures, tables, and references must fit within the page limit.
15. Papers will be reviewed based on originality, significance, technical quality, and clarity.
16. Accepted papers must address reviewers' comments and meet final submission requirements.
17. The Conference Chair reserves the right to exclude papers not presented or meeting guidelines from the proceedings.
18. All submissions should be made via Microsoft CMT.

Registration Rates

Category	Indian Authors	Foreign authors
Graduate Student	9000	USD 250
Research Scholar / Academicians	9500	USD 255
Industry and Others	10000	USD 275
Additional participant/Presenter*	1000	USD 50

For one registration one author will be allowed to participate at the conference. If more than one author are attending the conference additional authors have to pay ₹1,000/- each

The registration fee is inclusive of:

- Conference Program
- Attendance to all the plenary and parallel sessions
- Lunch and afternoon snacks for the three days
- Conference Certificate
- Abstracts of presentations
